# ECOLOGY

A QUARTERLY JOURNAL

DEVOTED TO ALL PHASES OF ECOLOGICAL BIOLOGY

Established 1920

**Editors:** FOREST STEARNS (Botany), Lake States Forest Experiment Station, University of Minnesota, St. Paul 1, Minnesota
FRANK A. PITELKA (Zoology), Museum of Vertebrate Zoology, University of California, Berkeley 4, California

**Review Editor:** R. H. WHITTAKER, Brooklyn College, Brooklyn, N. Y.

**Business Manager:** H. J. OOSTING, Duke University, Durham, N. C.

**Circulation Office:** Duke University Press, Box 6697, College Station, Durham, N. C.

## MEMBERS OF THE EDITORIAL BOARD

### 1961-63

WILLIAM C. ASHBY, Department of Botany, Southern Illinois University, Carbondale, Illinois.
J. ROGER BRAY, Kelowna, British Columbia, Canada.
LAMONT C. COLE, Department of Zoology, Cornell University, Ithaca, New York.
LOREN D. POTTER, Department of Biology, University of New Mexico, Albuquerque, New Mexico.
EARL R. RICH, Department of Zoology, University of Miami, Coral Gables, Florida.
DONALD E. WOHLSCHLAG, Natural History Museum, Stanford University, Stanford, California.

### 1962-64

R. T. COUPLAND, Department of Plant Ecology, University of Saskatchewan, Saskatoon, Saskatchewan.
PETER W. FRANK, Department of Biology, University of Oregon, Eugene, Oregon.
LOUIS A. KRUMHOLZ, Department of Zoology, University of Louisville, Louisville, Kentucky.
ROBERT H. MACARTHUR, Department of Zoology, University of Pennsylvania, Philadelphia, Pennsylvania.
ROBERT P. MCINTOSH, Department of Biology, Notre Dame University, Notre Dame, Indiana.
ELSIE QUARTERMAN, Department of Botany, Vanderbilt University, Nashville, Tennessee.

### 1963-65

GRANT COTTAM, Department of Botany, University of Wisconsin, Madison, Wisconsin.
F. E. J. FRY, Department of Zoology, University of Toronto, Toronto, Ontario, Canada.
DON W. HAYNE, Institute of Statistics, North Carolina State College, Raleigh, North Carolina.
LLOYD C. HULBERT, Department of Botany and Plant Pathology, Kansas State University, Manhattan, Kansas.
CALVIN MCMILLAN, Department of Botany, University of Texas, Austin, Texas.
EDWARD O. WILSON, Department of Zoology, Harvard University, Cambridge, Massachusetts.

Ex officio members: H. J. OOSTING, Duke University, Durham, North Carolina, and DANIEL A. LIVINGSTONE, Duke University, Durham, North Carolina (the editors of ECOLOGICAL MONOGRAPHS).

Correspondence concerning editorial matters should be addressed to the appropriate Editor at the address given above. Books and papers for review should be sent to the Review Editor, Dr. R. H. Whittaker, Department of Biology, Brooklyn College, Brooklyn 10, New York.

Subscription price in the United States, $9.00 net a year for complete volumes (January-October); Canada and the Pan-American countries add 50c for postage; all others add $1.00. Parts of volumes are to be had only at the single copy rate. Current single copies, $2.50. Back volumes, as available, $20.00 each plus postage. Back single issues, $5.00. Special rates to active and sustaining members.

Missing numbers will be supplied free when lost in the mails if written notice is received within one month of the date of issue of next succeeding number.

Remittances for subscriptions should be made payable to Duke University Press.

Remittances for dues should be made payable to the ECOLOGICAL SOCIETY OF AMERICA.

Business correspondence, including subscriptions, change of address, back numbers, and discontinuances, should be addressed to Circulation Office, Duke University Press, Box 6697, College Station, Durham, N. C. Correspondence regarding payment of dues in the ECOLOGICAL SOCIETY should be addressed to the Treasurer, Kirby L. Hays, Department of Zoology and Entomology, Alabama Polytechnic Institute, Auburn, Alabama.

Second-class postage paid at Durham, N. C.

TABLE OF CONTENTS, VOLUME 44, 1963

PENNAK, ROBERT W. Ecological and radiocarbon correlations in some Colorado mountain lake and bog deposits ..... 1– 15

LOOMAN, JAN. Preliminary classification of grasslands in Saskatchewan ..... 15– 29

HOSNER, JOHN F. AND LEON S. MINCKLER. Bottomland hardwood forests of southern Illinois—regeneration and succession ..... 29– 41

COCHRANE, G. ROSS. Vegetation studies in forest-fire areas of the Mount Lofty ranges, South Australia ..... 41– 52

OVINGTON, J. D., DALE HEITKAMP AND DONALD B. LAWRENCE. Plant biomass and productivity of prairie, savanna, oakwood and maize field ecosystems in central Minnesota .... 52– 63

PAINE, ROBERT T. Trophic relationships of 8 sympatric predatory gastropods ..... 63– 73

VAN DER SCHALIE, HENRY AND LOWELL L. GETZ. Comparison of temperature and moisture responses of the snail genera *Pomatiopsis* and *Oncomelania* ..... 73– 83

MAGNUSON, JOHN L. AND LLOYD L. SMITH. Some phases of the life history of the trout-perch ..... 83– 95

KAVANAU, J. LEE. Continuous automatic monitoring of the activities of small captive animals ..... 95–110

NEWSON, ROBIN. Differences in numbers, reproduction and survival between two neighboring populations of bank voles (*Clethrionomys glareolus*) ..... 110–120

SULLIVAN, ROBERT L. AND ROBERT R. SOKAL. The effects of larval density on several strains of the house fly ..... 120–130

MOORE, WALTER G. Some interspecies relationships in Anostraca populations of certain Louisiana ponds ..... 131–139

CHAPMAN, DONALD W. AND ROBERT DEMORY. Seasonal changes in the food ingested by aquatic insect larvae and nymphs in two Oregon streams ..... 140–146

PAULSELL, LEE K. AND DONALD B. LAWRENCE. Artificial frost apparatus ..... 146–148

LINDSEY, ALTON A. Accuracy of duration temperature summing and its use for *Prunus serrulata* ..... 149–151

JEFFREY, W. W. Soil temperature measurements in forests of northwestern Canada ..... 151–153

EGEBERG, ROGER, JR. Inherent variations in the response of aspen to frost damage ..... 153–156

CHRISTENSEN, EARL M. The foothill bunchgrass vegetation of central Utah ..... 156–158

PASSEY, H. B. AND V. K. HUGIE. Variation in bluebunch wheatgrass in relation to environment and geographic location ..... 158–161

VAN HAVERBEKE, DAVID F. Root development of ponderosa pine seedlings in the Black Hills ..... 161–165

FOREST, HERMAN S., CONSTANCE S. MILLER AND C. EILEEN RAIZEN. Interrelation of three algae in prairie soil cultures ..... 165–167

THAMES, JOHN L. Needle variation in loblolly pine from four geographic seed sources .... 168–169

HULBURT, EDWARD M. Distribution of phytoplankton in coastal waters of Venezuela ..... 169–171

LEWIS, WILLIAM M., O. D. MCNAIL AND R. C. SUMMERFELT. A device for taking water samples in sterile bottles at various depths ..... 171–173

WRIGHT, ERNEST. Ectotrophic mycorrhizae on pine seedlings in Oregon ..... 173–175

PENFOUND, WILLIAM T. A modification of the point-centered quarter method for grassland analysis ..... 175–176

WHITTAKER, R. H. Net production of heath balds and forest heaths in the Great Smoky Mountains ..... 176–182

JORGENSEN, CLIVE D. Spatial and time distribution of *Dipodomys microps occidentalis* within distinct plant communities ..... 183–187

MCNEIL, CHARLES W. Winter survival of *Stagnicola palustris nuttalliana* and *Physa propinqua* ..... 187–191

ERIKSEN, CLYDE H. A method for obtaining interstitial water from shallow aquatic substrates and determining the oxygen concentration ..... 191–193
BASCH, PAUL F. Environmentally influenced shell distortion in a fresh-water limpet ..... 193–194
GARD, RICHARD. Insulation of a Sierra stream by snow cover ..... 194–197
BESS, HENRY A., FRANK H. HARAMOTO AND A. DEXTER HINCKLEY. Population studies of the oriental fruit fly, *Dacus dorsalis* Hendel (Diptera: Tephritidae) ..... 197–201
GETZ, LOWELL L. A comparison of water balance of the prairie and meadow voles ..... 202–207
HAZELWOOD, DONALD H. AND RICHARD A. PARKER. Population dynamics of some freshwater zooplankton. II. The effect of lag ..... 207–211
ALLRED, DORALD M. AND D. ELDEN BECK. Ecological distribution of some rodents at the Nevada atomic test site ..... 211–214
TERCAFS, R. R. Transmission of ultra-violet, visible and infra-red radiation through the keratinous layer of reptile skin (Serpentes and Sauria) ..... 214–218
ANDREWARTHA, H. G. Density-dependence in the Australian thrips ..... 218–220
SMITH, FREDERICK E. Density-dependence ..... 220
LEIGHTON, DAVID AND RICHARD A. BOOLOOTIAN. Diet and growth in the black abalone, *Haliotis cracherodii* ..... 227–238
BRATTSTROM, BAYARD H. A preliminary review of the thermal requirements of amphibians ..... 238–255
CADE, TOM J. Observations on torpidity in captive chipmunks of the genus *Eutamias* ..... 255–261
GASDORF, EDGAR C. AND CLARENCE J. GOODNIGHT. Studies on the ecology of soil arachnids .. 261–268
GHENT, ARTHUR W. Studies of behavior of the *Tribolium* flour beetles. I. Contrasting responses of *T. castaneum* and *T. confusum* to fresh and conditioned flours ..... 269–283
GOLDMAN, CHARLES R. AND ROBERT G. WETZEL. A study of the primary productivity of Clear Lake, Lake County, California ..... 283–294
NOBLE, ELMER R., ROY E. KING, AND BERNE L. JACOBS. Ecology of the gill parasites of *Gillichthys mirabilis* Cooper ..... 295–305
NOLAN, VAL, JR. Reproductive success of birds in a deciduous scrub habitat ..... 305–313
SOKAL, ROBERT R. AND ROBERT L. SULLIVAN. Competition between mutant and wild-type house-fly strains at varying densities ..... 314–322
OLSON, JERRY S. Energy storage and the balance of producers and decomposers in ecological systems ..... 322–331
HARRIS, STANLEY W. AND WILLIAM H. MARSHALL. Ecology of water-level manipulations on a northern marsh ..... 331–343
ROMNEY, E. M., R. G. LINDBERG, H. A. HAWTHORNE, B. G. BYSTROM AND K. H. LARSON. Contamination of plant foliage with radioactive fallout ..... 343–349
CATANA, ANTHONY J., JR. The wandering quarter method of estimating population density ..... 349–360
HUNT, GEORGE S. Wild celery in the Lower Detroit River ..... 360–370
WITKAMP, MARTIN. Microbial populations of leaf litter in relation to environmental conditions and decomposition ..... 370–377
KERSHAW, KENNETH A. Pattern in vegetation and its causality ..... 377–388
HADLEY, ELMER B. AND BARBARA J. KIECKHEFER. Productivity of two prairie grasses in relation to fire frequency ..... 389–395
ANSELL, ALAN D. *Venus mercenaria* (L) in Southampton Water ..... 396–397
DAVIS, DAVID E. The role of temperature and light in morning arrival of starlings ..... 397–398
GOWER, JENNETT L. AND EDWARD J. KORMONDY. Life history of the damselfly *Lestes rectangularis* with special reference to seasonal regulation ..... 398–402
PAINE, ROBERT T. Feeding rate of a predaceous gastropod *Pleuroploca gigantea* ..... 402–403
WHITEHEAD, DONALD R. "Northern" elements in the Pleistocene flora of the Southeast ... 403–406
MOORE, THOMAS C. A germination inhibitor in achenes of *Cercocarpus montanus* ..... 406–409
FARMER, ROBERT E., JR. Effect of light intensity on growth of *Populus tremuloides* cuttings under two temperature regimes ..... 409–411

Christensen, Earl M. Herbaceous vegetation in lowland winter habitats of white-tailed deer in northern Wisconsin ..... 411–414
Torres, A. M., G. H. Koch, and M. W. Katz. Germination inhibition in *Zinnia oligantha* ..... 414–416
Wood, R. D. Adapting SCUBA to aquatic plant ecology ..... 416–419
Robertson, G. W. and R. M. Holmes. A spectral light meter: its construction, calibration, and use ..... 419–424
Phillips, W. S. Depth of roots in soil ..... 424
Myers, Oval, Jr. and F. H. Bormann. Phenotypic variation in *Abies balsamea* in response to altitudinal and geographic gradients ..... 429–436
Martin, Paul S. Geochronology of Pluvial Lake Cochise, southern Arizona. II. Pollen analysis of a 42-meter core ..... 436–444
Adams, David A. Factors influencing vascular plant zonation in North Carolina salt marshes ..... 445–456
Johnston, Marshall C. Past and present grasslands of southern Texas and northeastern Mexico ..... 456–466
Cantlon, J. E., E. J. C. Curtis and W. M. Malcolm. Studies of *Melampyrum lineare* .. 466–474
Williams, William A. Competition for light between annual species of *Trifolium* during the vegetative phase ..... 475–485
Major, Jack. A climatic index to vascular plant activity ..... 485–498
Blinn, Walter C. Ecology of the land snails, *Mesodon thyroidus* and *Allogona profunda* .. 498–505
Feder, Howard M. Gastropod defensive responses and their effectiveness in reducing predation by starfishes ..... 505–512
King, James R., S. Barker and Donald S. Farner. A comparison of energy reserves during the autumnal and vernal migratory periods in the white-crowned sparrow, *Zonotrichia leucophrys gambelii* ..... 513–521
McNab, Brian K. A model of the energy budget of a wild mouse ..... 521–532
Messenger, P. S. and D. C. Force. An experimental host-parasite system: *Therioaphis maculata* (Buckton)-*Praon palitans* Muesebeck (Homoptera: Aphididae—Hymenoptera: Braconidae) ..... 532–540
Pearson, Oliver P. History of two local outbreaks of feral house mice ..... 540–549
Talbot, Mary. Local distribution and flight activities of four species of ants of the genus *Acanthomyops* Mayr ..... 549–557
Wohlschlag, Donald E. An antarctic fish with unusually low metabolism ..... 557–564
Cooper, Charles F. An evaluation of variable plot sampling in shrub and herbaceous vegetation ..... 565–569
Houston, Walter R. Plains pricklypear, weather, and grazing in the northern Great Plains 569–574
Bernard, John M. Forest floor moisture capacity of the New Jersey pine barrens ..... 574–576
Roux, E. R. and Margaret Warren. Plant succession on abandoned fields in central Oklahoma and in the Transvaal highveld ..... 576–579
McConnell, Burt R. and Justin G. Smith. Estimating bitterbrush age from stem-diameter measurements ..... 579–581
Strain, Boyd R. and Philip L. Johnson. Corticular photosynthesis and growth in *Populus tremuloides* ..... 581–584
Rudolph, Emanuel D. Vegetation of Hallett Station area, Victoria Land, Antarctica .. 585–586
Stone, Earl L. and Sa-ard Boonkird. Calcium accumulation in the bark of *Terminalia* spp. in Thailand ..... 586–588
Daubenmire, R. and Don C. Prusso. Studies of the decomposition rates of tree liter .... 589–592
Black, Joe B. Observations on the home range of stream-dwelling crawfishes ..... 592–595
Candelas, Graciela C. and Gustavo A. Notes on the seasonal distribution of the sponge *Hymeniacidon heliophila* at Beaufort, North Carolina ..... 595–597
Chiang, H. C. and Orrie Stenroos. Ecology of insect swarms. II. Occurrence of swarms of *Anarete* sp. under different field conditions (Cecidomyiidae, Diptera) ..... 598–600

Collins, Margaret S. and A. Glenn Richards. Studies on water relations in North American termites. I. Eastern species of the genus *Reticulitermes* (Isoptera, Rhinotermitidae) ..... 600–604
Fisler, George F. Effects of salt water on food and water consumption and weight of harvest mice ..... 604–608
Forrest, Helen. Immortality and Pearl's survivorship curve for *Hydra* ..... 609–610
Gast, James A. Rhodamine-B dye for studying movements of animals ..... 611–612
Getz, Lowell L. Light preferences of molluscs ..... 612–613
Hirth, Harold F. Some aspects of the natural history of *Iguana iguana* on a tropical strand 613–615
Judd, W. W. Studies of the Byron bog in southwestern Ontario. XIV. Observations on sowbugs *Cylisticus convexus* (DeGeer) and *Tracheoniscus rathkei* (Brandt) (Isopoda: Oniscidae) ..... 615–617
Menhinick, Edward F. Estimation of insect population density in herbaceous vegetation with emphasis on removal sweeping ..... 617–621
Schwartz, Frank J. Effects of winter water conditions on two species of marine fishes .. 622–623
Bronson, F. H. Some correlates of interaction rate in natural populations of woodchucks .. 637–643
Packer, Wayne C. Dehydration, hydration, and burrowing behavior in *Heleioporus eyrei* (Gray) (Leptodactylidae) ..... 643–651
Smith, Frederick E. Population dynamics in *Daphnia magna* and a new model for population growth ..... 651–663
Stark, Harold E. Nesting habits of the California vole, *Microtus californicus*, and microclimatic factors affecting its nests ..... 663–669
Winston, Paul W. Humidity relations in the clover mite, *Bryobia praetiosa* Koch ..... 669–678
Bliss, L. C. Alpine plant communities of the Presidential Range, New Hampshire ..... 678–697
Shields, Lora M., Philip V. Wells and William H. Rickard. Vegetational recovery on atomic target areas in Nevada ..... 697–705
Boyd, William L. and Josephine W. Boyd. A bacteriological study of an arctic coastal lake ..... 705–710
Bourdeau, Phillipe F. Photosynthesis and respiration of *Pinus strobus* L. seedlings in relation to provenance and treatment ..... 710–716
Mergen, François. Ecotypic variation in *Pinus strobus* L. ..... 716–727
Plummer, Gayther L. Soils of the pitcher plant habitats in the Georgia Coastal Plain .... 727–734
Wohlrab, Gisela, R. W. Tuveson and C. E. Olmsted. Fungal populations from early stages of succession in Indiana dune sand ..... 734–740
Hyder, D. N., C. E. Conrad, Paul T. Tueller, Lyle D. Calvin, C. E. Poulton, and Forrest A. Sneva. Frequency sampling in sagebrush-bunchgrass vegetation ..... 740–746
Van Dyne, George M., W. G. Vogel and H. G. Fisser. Influence of small plot size and shape on range herbage production estimates ..... 746–759
Turner, Raymond M. Growth in four species of Sonoran Desert trees ..... 760–765
Chapman, J. A. Predation by *Vespula* wasps on hilltop swarms of winged ants ..... 766–767
Grant, William C., Jr. Notes on the ecology and behavior of the hermit crab, *Pagurus acadianus* ..... 767–771
Haines, Howard. Geographical extent and duration of the cotton rat, *Sigmodon hispidus*, 1958–1960 fluctuation in Texas ..... 771–772
Herreid, Clyde F., II and Charles A. Gifford. The burrow habitat of the land crab, *Cardisoma guanhumi* (Latreille) ..... 773–775
Littlepage, Jack L. Diving behavior of a Weddell seal wintering in McMurdo Sound, Antarctica ..... 775–777
Lowrie, Donald C. Effects of grazing and intensive collecting on a population of the green lynx spider ..... 777–781
Maguire, Bassett, Jr. The exclusion of *Colpoda* (Ciliata) from superficially favorable habitats ..... 781–784

McCarley, Howard. Distributional relationships of sympatric populations of *Peromyscus leucopus* and *P. gossypinus* ..... 784–788
Nishida, T., U. S. Sharga, and N. S. Agrawal. Summer and winter fecundity of some tephritid fruit flies in North India ..... 789–792
Penn, George Henry and J. F. Fitzpatrick, Jr. Interspecific competition between two sympatric species of dwarf crawfishes ..... 793–797
Prophet, Carl W. Physical-chemical characteristics of habitats and seasonal occurrence of some Anostraca in Oklahoma and Kansas ..... 798–801
Prus, Tadeusz. Search for methods to investigate mobility in *Tribolium* ..... 801–803
Sanders, Charles L., Jr. Habitat preferences of the white-tailed deer and several exotic ungulates in south Texas ..... 803–806
Whittaker, R. H., Neil Cohen, and Jerry S. Olson. Net production relations of three tree species at Oak Ridge, Tennessee ..... 806–810
Hironaka, M. and E. W. Tisdale. Secondary succession in annual vegetation in southern Idaho ..... 810–812
Mooney, H. A. Physiological ecology of coastal, subalpine, and alpine populations of *Polygonum bistortoides* ..... 812–816
Patten, D. T. Light and temperature influence on Engelmann spruce seed germination and subalpine forest advance ..... 817–818
Straw, Richard M. Bee-fly pollination of *Penstemon ambiguus* ..... 818–819
Driscoll, Richard S. Sprouting bitterbrush in central Oregon ..... 820–821
Rickard, W. H. and J. R. Murdock. Soil moisture and temperature survey of a desert vegetation mosaic ..... 821–824
Langdon, O. Gordon. Growth patterns of *Pinus elliotti* var. *densa* ..... 825–827
Reviews ..... 221–225, 425–428, 624–636, 828–832
Index to Volume 44 ..... 833
